

UNICO GOVERNMENT SOLUTIONS FACTS & CAPABILITIES

unico
government solutions

CAPABILITY STATEMENT

Unico Government Solutions is a certified participant of the U.S. Small Business Administration 8(a) Program and Economically Disadvantaged Woman Owned Small Business (EDWOSB). We provide cutting-edge acquisition, data science and visualization, program, financial, and logistical support to commercial, and federal and state government agencies. Our talented professionals work in tandem with our seasoned management team to offer clients responsive solutions. We mobilize quickly to transforming business processes by bringing innovation, quality, and value to our customers. Solving your organization's complex program roadblocks starts here.

We are proud to be an Equal Employment Opportunity and Affirmative Action employer, including females, minorities, protected Veterans, and those with disabilities.

ABOUT THE FOUNDER

Cara Jenkins has over 27 years of federal government executive experience in aviation engineering program management, acquisition management and human resource management. She holds a bachelor's degree in mathematics from Hampton University and a master's degree in Public Administration/ Key Executive Leadership from American University. She is also a PMI/PMP certified professional.

ACQUISITION SUPPORT

Contract management should look and feel simple; your contracts should be easy to find and trace to invoices deliverables without significant effort. We can manage your entire buy-side procurement process electronically, without paper and email, security in a cloud-based solution. (We provide a Microsoft SharePoint-based solution and a Salesforce-based solution)

ENTERPRISE CONTENT MANAGEMENT

The Unico team has built hundreds of highly customized intranet experiences for the World Bank, The FAA, The IMF, and others. We understand how to blend design and advanced functionality in enterprise content management. Our team has decades of Microsoft SharePoint and PowerApp development on board!

DATA ANALYTICS AND VISUALIZATION

Our consulting services focus on integrated solutions designed to enhance the performance of your business. Our solutions are designed to bridge the gap between what Tableau and PowerBI can do out of the box and the needs of our Federal and Fortune 500 Clients. We specialize in efficient Data Prep, Master Data Management, and Data Governance on MS PowerBI and Tableau.

AGILE DEVELOPMENT

Our Technology Services focus on developing robust, secure, and stable technology solutions for your business. We offer low code/no code and full lifecycle managed code development utilizing modern languages. By incorporating common-sense solutions into seemingly daunting deliverables, we can ensure at the start of the project that we will safely deliver the product to completion with an Agile modern, secure, and well-documented approach. (Microsoft PowerApps, Power Automate, Tableau, SQL Server, SharePoint Online, Salesforce, Databricks, and more)

TECHNICAL WRITING SUPPORT

Our team unit has amassed significant expertise in technical writing through its dedicated work within the U.S. Site Department. With a focus on precision and clarity, we have honed our skills in providing bilingual technical writing support, specializing in the preparation of critical documents such as Performance Work Statements (PWS), Grants, and Independent Government Cost Estimates (IGCE).

FACILITIES MANAGEMENT

Unico excels in delivering comprehensive facility support solutions, particularly in the management of government buildings, grounds, and infrastructure. With a proven track record, we specialize in overseeing expansive real estate spanning up to 12 acres, encompassing multiple buildings and diverse facilities. Our capabilities extend across a spectrum of services, including facility maintenance, security, landscaping, infrastructure management, and more.

MANAGEMENT CONSULTING

Unico offers end-to-end management solutions from administrative support, project management, and staff augmentation to strategic planning and organizational development. Our services are designed to enhance operational performance, minimize risks, and maximize outcomes.
